Scheduling and Fees, Initial Certification

ASNT NDT Level II Candidates applying for certification must take both the general examination **and** a general industry specific examination **-or-** a pressure equipment specific examination. For these Beta Examinations, **CANDIDATES ARE LIMITED TO TAKE THESE EXAMS IN ONE METHOD ONLY.**

In the table below, please check the box for the exam package you wish to take. Enter the dates for which you wish to take the exams. **YOU MAY SELECT ONLY ONE EXAM PACKAGE IN ONE METHOD ONLY.**

SEE A LIST OF EXAM SITES, DATES, AND TIMES ON THE PAGES 9-12 OF THIS APPLICATION. Indicate your selected exam date below.

Method	Examinations Requested	ASNT Member Exam Fee	Exam Date	Your Fees
MT	General + GI Specific Exams	☐ $0.00		$0.00
	General + PE Specific Exams	☐ $0.00		$0.00
PT	General + GI Specific Exams	☐ $0.00		$0.00
	General + PE Specific Exams	☐ $0.00		$0.00
RT	General + GI Specific Exams	☐ $0.00		$0.00
	General + PE Specific Exams	☐ $0.00		$0.00
UT	General + GI Specific Exams	☐ $0.00		$0.00
	General + PE Specific Exams	☐ $0.00		$0.00
VT	General + GI Specific Exams	☐ $0.00		$0.00
	General + PE Specific Exams	☐ $0.00		$0.00

Minimum Training Requirements

Use this table to find the minimum training required for ASNT NDT Level II certification in each method. Enter the amount of training you are claiming to meet the requirements.

Training	MT	PT	RT	UT	VT
Hours *Required*	20	12	80	80	24
Hours *Claimed*					

You must attach documentation for the minimum required amount of training required. Attach copies of training certificates, letters of completion, or company training records. A signed statement attesting to completion of training from a company executive, an individual responsible for training, or an ASNT Level III or ACCP™ Professional Level III is also acceptable if it clearly lists training hours for each test method in which certification is sought. All documentation must be in English or accompanied by an English translation.

Minimum Experience Requirements

The table below lists the minimum experience required for ASNT NDT Level II certification in each test method. Enter the amount of experience you are claiming to meet the requirements. **Use the next page to document the individual positions in which experience was obtained.**

Total hours in method experience shall be based on the actual hours worked in the specific method. Total hours in method must be met for the method applying for.

Experience		MT	PT	RT	UT	VT
Hours *Required*	Total Hours in Method	280	210	840	840	210
	Total Hours in NDT	530	400	1600	1600	400
Hours *Claimed*	Total Hours in Method					
	Total Hours in NDT					

If you do not satisfy the above criteria for the method in which you are applying, please do not submit an application. Applications received from ineligible applicants will be returned to the applicant. It is your responsibility to determine your own eligibility.

Do not rely on past applications to meet this requirement.

NOTE: *It is the responsibility of the employer to administer an eye test and a Practical examination in accordance with Recommended Practice No. SNT-TC-1A to complete certification to NDT Level II.*

Experience

Photocopy this page as necessary to list your experience history. If submitting experience from more than one employer, submit experience in reverse chronological order, beginning with your most recent employer in Position 1. The ASNT NDT Level II program requires sufficient NDT experience to meet the minimum experience requirements in the method(s) for which you are applying. Acceptable documents include employer or third-party certificates or certification records, human resources records, a signed statement from the employer or responsible Level III, a signed statement from an ASNT Level III or ACCP Professional Level III, or, for self-employed personnel, signed statements from at least two (2) customers. The signature form below may be used for signed statements. All support documentation must be in English or accompanied by an English translation.

Title

Code of Ethics for NDT Level II Personnel Certified by ASNT

1.0 Purpose

The following Code of Ethics is binding upon every individual who possesses a current ACCP™ or ASNT NDT Level II Certification. These rules are necessary to protect the life, health, property and welfare of the public, and to maintain the credibility of the ASNT Central Certification Program, the ASNT NDT Level II program and the NDT profession. Accordingly, each ACCP™ or ASNT NDT Level II certified individual agrees to abide by the following:

2.0 Code of Ethics

2.1 Responsibility: Protect the safety, health and welfare of the public, by performing all NDT activities to the best of his/her ability in accordance with properly established and approved procedures and only in situations for which qualified.

2.2 Integrity: Perform all NDT activities honestly, and treat the public, clients and employer in an impartial and ethical manner. All reports of NDT activities shall faithfully and accurately reflect the tests conducted, procedures used, and results obtained.

2.3 Conflict of Interest: Consciously avoid conflict of interest situations with employer or client, promptly informing same if such situations cannot be avoided.

2.4 Improper Conduct: Refrain from work activities outside the area of certification without written approval of his/her supervisor.

2.5 Safety: Act in a safe and responsible manner while conducting NDT activities, ensuring that all required and necessary safety procedures are in place and are being used by one's self and others under his/her jurisdiction.

3.0 Penalty

Violation of this Code of Ethics by any ACCP™ or ASNT NDT Level II certificate holder may be cause for disciplinary action against that person which may result in sanctions up to revocation of ASNT certification.

Statements and Signature

By signature on this application, if certified by ASNT, I agree to abide by the Code of Ethics for Level III Personnel Certified by ASNT so long as I maintain a Certificate. Further, I understand the right of ASNT to suspend or revoke any Certificate granted if I abuse the privileges therein granted to me.

I understand that certifications which may result from this application do not constitute any form of license.

I hereby attest that all facts on this application are true and correct and no information which might be detrimental has been withheld. ASNT may make any inquiries necessary to determine my qualifications for certification. I agree to abide by the decision of ASNT relative to the granting of any Certifications as applied for herein.

For valuable consideration, the undersigned, having made application for Certification as Level III before ASNT, does hereby release and forever discharge The American Society For Nondestructive Testing, an Ohio Corporation, from any and all liabilities, claims, demands, or causes of action whatsoever, which now exist or which may hereafter arise on account of the undersigned's activities henceforth as Level III certified by ASNT.

The undersigned further acknowledges that this release is being given as a prerequisite for having filed application for consideration by ASNT.
The undersigned further represents that if not certified by ASNT, then this release and discharge shall have no force and effect; otherwise, upon certification as set forth above, this release shall be binding on the undersigned and The American Society for Nondestructive Testing, Inc. and any and all agents of ASNT in connection with such certification process. I have read and understand the transfer, cancellation and refund policy and understand that all application documents submitted to ASNT become the property of ASNT.

I agree not to release confidential examination materials or participate in fraudulent test-taking practices.

I understand that I am required to inform ASNT of matters that affect my capability to continue to fulfill the requirements of my certification(s). Failure to do so may result in the suspension or revocation of my certification(s) by ASNT.

I authorize ASNT to publish my name, city, state, country, test methods, levels, expiration dates of certification(s) and any possible suspension or revocation of certification(s) by ASNT.

BETA EXAMINATION DETAILS

The purpose of these Beta examinations is to generate field performance statistics that will be used by the ASNT Certification Management Council (CMC) for the validation of the examination questions so that they can be used in future NDT Level II examinations. The Beta examinations will consist of twice the number of questions on previous NDT Level II exams (100 General questions instead of 50, and 80 Specific questions instead of 40).

These Beta examination results will not be immediately available. Prior to issuing results, the statistics for each question will be evaluated to determine that they fall within acceptable psychometric parameters. If enough questions meet these requirements the examinations will then be validated and a passing score for the examinations will be determined by the Certification Management Council (CMC). All candidates' examinations will then be graded scoring only those validated questions to determine if candidates pass or fail. At that time all candidates will be notified of their results. All candidates that pass the validated examinations (General and Specific examination for a given method) will receive a certificate. Those who fail to pass one or both examinations will need to retake and pass the examination(s) they failed. Only then will a certificate will be issued. All candidates will be notified of their results. Results may take as many as 13 weeks to finalize.

Retakes will be charged at the cost for taking an examination for the first time. Should any of the Beta examinations not result in the minimum number of required valid questions, additional Beta exams will have to be developed and administered.

Candidates are permitted to take Beta examinations in one Method only (the General and one Specific examination). **No exceptions will be made to this policy.**

Date

Submit Application – Because of the closeness of the examination dates for these Beta exams, it is strongly recommended that applications be faxed or e-mailed to ASNT.

All application deadlines are dates of receipt of applications at ASNT, not dates applications are mailed.

Mail

Mail this application, attachments, and fees to ASNT at:

ASNT
1711 Arlingate Lane
P.O. Box 28518
Columbus, OH 43228-0518
USA

Make checks payable to ASNT.

Fax

Or, if paying by credit card, you may fax this application, attachments, and fees to ASNT at:

614-274-6899

E-Mail

Or, e-mail your application, attachments, and fees to:

shopasnt@asnt.org

****** Please do not both mail and fax/e-mail your application.******

DO NOT send your application to the site where you will take your exams.

ASNT Individual Membership Application & Renewal Form

Member Information

Last Name	First Name	M.I.	Phone

Send Membership Materials to: O Home O Office

Former Member: O Yes O No

Join now for immediate and significant savings on examination fees. Save $75 per method.

Earn recertification points for ASNT membership.

Align with your certification period and consider joining for five years to receive maximum savings.

There is no better network for you to be connected when it comes to your NDT career.

Stay informed throughout your certification period by maintaining membership along with your certification.

ASNT membership keeps you informed of the latest in technology in addition to savings on certification exams.

ASNT membership includes:
• 25% discount on all items purchased from our Publications Catalog or Shop ASNT online at www.asnt.org

- Access to the largest network of NDT contacts and businesses worldwide
- Materials Evaluation, the authoritative monthly journal on NDT
- Local Section affiliation, provides educational and business networking opportunities
- The quarterly newsletter for NDT practitioners: The NDT Technician
- Recertification points for membership
- Discounts on national conferences and symposium registration
- Members Only access at www.asnt.org provides publications and networking functions
- Serve on ASNT committees; be part of a group that may effect change or the industry

Become part of the foremost nondestructive testing society and be fully connected to the NDT world.

Membership Options
