Call for Abstracts

International Chemical and Petroleum Industry Inspection Technology Conference

ICPIIT XIII

12–15 June 2013 • Crowne Plaza Houston Northwest - Brookhollow • Houston, Texas, USA

Submit your abstract soon!

Submission Deadline: 7 December 2012

What can participation at ASNT's ICPIIT XIII Conference do for you?

- Develop your professional and leadership skills
- Receive recognition for you and your organization
- Advance your career
- Network with the top professionals in the chemical and petroleum industry

ICPIIT Co-Chair: Greg Hudkins, ExxonMobil USA

ICPIIT Co-Chair: John Iman, GE Sensing and Inspection Technologies

ASNT and the Greater Houston Section invite you to submit abstracts for the

International Chemical and Petroleum Industry Inspection Technology XIII Conference

Don't miss this opportunity

You are invited to submit an abstract for *the* forum for the exchange of theoretical and scientific information on NDT in the chemical and petroleum industry. The International Chemical and Petroleum Industry Inspection Technology Conference (ICPIIT XIII) is a place for focused discussions and presentations. It is the place to see industry innovations and find solutions to NDT challenges because this conference is where industry experts from around the world gather. ICPIIT is the forum for participants to exchange ideas and experiences. The discussions over relevant chemical and petroleum industry topics enable participants to share innovative and problem solving ideas.

- Bring your knowledge to share by presenting a paper.
- Bring your questions and challenges to your colleagues.
- Bring your interest in seeing and learning about innovations in the industry.

Submit your abstract. Be part of this unique conference.

Abstract Submission

Prospective authors are requested to submit abstracts of approximately 200 words. Abstracts should be submitted via the ASNT website www.asnt.org/events/events.htm

Abstracts may also be e-mailed to conferences@asnt.org

Questions concerning abstracts should be directed to Jacquie Giunta at jgiunta@asnt.org or by phone at 614.274.6003 x213.

Submission Process

Abstracts will be reviewed by the conference Technical Program Coordinator for placement in the program. A speaker packet with further instructions will be e-mailed as soon as all abstracts are placed. All correspondence will be emailed to the presenting author only. Speakers are allowed 30 minutes for presentations including time for questions.
