Campaign Recruiters

member up!

The ***Member Up!*** member recruitment campaign that concluded 15 October 2013 yielded a total of 849 new members for ASNT, including 829 individual members and 20 Corporate Partner Members. Throughout its duration, the campaign helped 355 ASNT members, 61 ASNT sections and 19 ASNT regions to introduce their peers and colleagues to the unique advantages and opportunities the Society provides through membership. In turn, the newly recruited ASNT members have enlarged their professional networks, enhanced their knowledge of the industry and have increased their exposure to nondestructive technical information.

Thank you to all who participated in this very successful member recruitment campaign.
