January Recap:

Thanks to everyone who made it out to our January 21st meeting.

*We had a great attendance at 21 people in total, including Regional Director David Mitchell.*

Noah Fredette of 3E NDT gave a practical demonstration covering DR & CR with some help from Matthew Reading of GE Inspection Tech.

**For the month of February 2016:**

Jeff Peebles, Co-founder & COO at Material-Wave Laboratories LLC will be presenting on some new and exciting technologies that allow for faster, more accurate scans of composite aircraft wings and other materials. This is a presentation you don’t want to miss! The technology uses Radio Frequency with a hand held (or automatic) scan device to emit/receive the signals.

**For the month of March 2016:**

It’s time again for VENDOR’S NIGHT! We had a great turn out last year of visitors and vendor’s alike. We’re hoping to see more participation on both parts this year. The location will be the Rodehouse Restaurant again.

Vendor’s we’re asking only $50.00 a booth, and door prizes for our guests are welcomed! Contact Michael Urwin or Dale Lynn for more information.
February 2016 Local Section News:

CHAPTER NEWS:
Lots of great news coming your way! First off, we have plans for meetings all the way up to our summer break! Including some fun events coming up with a Vendor’s night, visit from the current ASNT Chairman of the board from HQ, and a TopGolf Tournament of ASNT vs. AWS to help unite the two chapters! Stay tuned for more details.

Also we are still hoping to find more awards to give, if you would like to nominate someone for an ASNT award, visit ASNT.org and search for “awards” to see a list and eligibility requirements. Let us know if your eligible as well.

Lastly, Dawn Lynn’s idea was very well received. To combine our student outreach and better fill our newsletter with exciting articles we’re putting out the call to college students. If you know a college student, or are one please invite them to a meeting, and let them know if they submit an article for our newsletter, and it’s selected for publication they will be given a 1 year ASNT membership FREEEE OF CHARGE. They will also be entered for a year end drawing to receive a scholarship to be used for schooling of $500.00!!! Help us out, they do not have to be a current ASNT member to enter!

ASNT – ARIZONA WEBSITE:
ASNT.org is finally hosting local section websites. Ours is ready for release, please check it out here: www.asnt.org/arizona.

NETWORKING:
Please be sure to check out AWS’s sites and add them to your favorites as well: http://awssection.org/arizona & https://facebook.com/AWSArizonaSection. Follow their links to see their latest meeting plans.

SPONSORS:
We have some new vendors, as always check them out and contact them if you have any questions or needs.

Vendors: Vendors night is coming March 17th booths are only $50.00 for registration. Please contact Dale Lynn, or Michael Urwin for more information!

We also have a special request of all the vendors, please contact Dawn Lynn to give us an updated ad and business card. This is important as we want to re-vamp our newsletter once more, and have 2016’s advertising fee’s include your business card with a link to your page on the sponsor section of our website!

UPCOMING MEETINGS & EVENTS

February 18th 2016’s Meeting:
Jeff Peebles Co-founder & COO at Material-Wave Laboratories LLC will be presenting on brand new radio frequency technology for finding defects. Believe me, you do not want to miss this.

March 17th 2016’s Meeting:
Vendor’s Night is returning! Last year’s turnout was great, this year should be even better. Door prizes, old vendors, and new vendors all lined up to answer your questions and needs!

NDT Training, Scheduled courses for January – December 2016
Greatly Expanded Schedule of Classes for 2016

NDT Level I and II Courses

Magnetic Particle Level II SNT-TC-1A
(24 hours) $845
January 4-6, February 15-17, March 28-30, May 9-11, June 20-22, August 1-3, September 12-14, October 24-27, December 5-7

Penetrant Level II SNT-TC-1A
(16 hours) $695
January 7-8, February 18-19, March 31-April 1, May 12-13, June 23-24, August 4-5, September 15-16, October 28-29, December 8-9

Ultrasonic Testing Level I
(40 hours) $1295
January 11-15, February 22-26, April 4-8, May 16-21, June 27-July 1, August 8-12, September 19-23, October 31-November 4, December 12-16

Ultrasonic Testing Level II
(40 hours) $1295

Radiation Safety (IRRSP Preparation)
(40 hours) $1295 (Approved by State of CA)
January 25-29, May 2-6, October 3-7

Radiography Testing Level I
(40 hours) $1295
February 1-5, June 6-10, October 10-14

Radiography Testing Level II
(40 hours) $1295
February 8-12, June 13-17, October 17-21

Film Interpretation (40 hours) $1295
March 21-25

Eddy Current Testing Level I (40 hours) $1295
April 18-22, August 22-26

Eddy Current Testing Level II (40 hours) $1295
April 25-29, August 29-September 2

Visual Testing Level II (24 hours) $845
May 31-June 2, September 6-8

Phased Array Training
These are Level II and II UT PA courses to meet the SNT-TC-1A (2011) certification requirements

Introduction to Phased Array, (16 hours) $1195
March 7-8, July 18-19, November 14-15

Ultrasonic Phased Array Level I (SNT-TC-1A 2011) (40 hours) $1995
March 7-11, July 18-22, November 14-18

Ultrasonic Phased Array Level II (SNT-TC-1A 2011) (40 hours) $1995
March 14-18, July 25-29, November 28-Dec 2

Back for 2016, Scheduled, ASNT NDT Level III Examination, Refresher Courses

Basic Level III – Includes textbook package worth over $300 (40 hours) $1395
October 17-21

Eddy Current Level III (24 hours) $995
October 12-14

Visual Testing Level III (16 hours) $795
October 10-11

Penetrant Level III (16 hours) $795
October 10-11

Magnetic Particle Level III (16 hours) $795
October 6-7

Radiography Level III (24 hours) $995
October 3-5

Ultrasonic Level III (40 hours) $1395
September 29-Oct 1

Additional “Ad Hoc” NDT Training Courses
Please call for dates for the below courses

Magnetic Particle Level II NAS 410 (32 hours) $1195

Penetrant Testing Level II NAS 410 (32 hours) $1195

Ultrasonic Thickness Testing (40 hours) $1295

Digital Radiography Testing (40 hours) $1295

Eddy Current Array Aerospace (40 hours) $1995

Back for 2016

CWI Examination Preparation Course (40 hours) $1595
Note: This will be scheduled over 4 (10 Hour) Saturdays.

Qualification Examinations prepared, and administered, procedures written, Level III outside agency services and contracts available.

Any of our courses can also be held at your facility just for your staff. Call for details

OUR POLICY IS NOT TO CANCEL COURSES IF YOU ENROLL & PAY 2 WEEKS IN ADVANCE
For questions or to enroll contact us at www.testndt.com, email ndttrain@aol.com, Ph (714) 255-1500
GLOBAL & LOCAL SOLUTIONS

MAGNAFLUX, a division of ITW has 80+ years of experience as a global manufacturer of magnetic particle and liquid penetration inspection.

Considered virtually a one stop shop for MPI and LPI equipment, associated materials and accessory products used for non-destructive testing.

Magnaflux other lines include aqueous cleaners certified for aerospace and general industrial cleaning, along with a complete line of ultrasonic couplants.

Visit our website at www.magnaflux.com or call Magnaflux Customer Service at 847-657-5300 or email cs@magnaflux.com.
