Please welcome back ASNT Arizona Section former Chair: Dale Lynn!

Dale Lynn will be our surprise guest speaker for August 2017.

Dale Lynn served our local Arizona ASNT chapter as Chairman for many years before taking a position with PCC-Schlosser in Redmond, Oregon last year. Level 3 for PCC Materials & Technology. Methods: PT RT DR CR, helping with the implementation of DDA Technology, Support for CR Technology, and general optimization.

His presentation will be: PCC-Schlosser Titanium Castings: Past, Present and Future.

PCC-Schlosser has generously sponsored the dinner for August 17th, 2017 allowing the Arizona Section to provide ASNT members and their guests with another free dinner!

Thank you PCC-Schlosser!

Starting in September, free dinner will continue for ASNT members only. Dinner for non-members will be $10.00.

Please find the time to reach out to our sponsors with business opportunities when able, or refer others to use their services. We’d like for all of our sponsors to get an excellent return on their advertising!

Since 1998, AMS has been committed to providing accurate, proactive material evaluation, cleaning and finishing of safety critical parts for the automotive industry. We conduct high speed, high throughput inspections of components using ultrasonic testing (UT), acoustic resonance testing (AT), and eddy current testing (ET). We work closely with client partners to determine which NDT method or combination of methods will deliver the ideal solution for 100% containment of potential defects at best overall value.

We can combine non-destructive testing with cleaning and packaging to ensure only 100% conforming materials arrive at your plant sorted, cleaned and packed ready for production. So whatever your challenges speak with us to develop a solution that is efficient, affordable and effective.
